The Gemma: ART BAR KIPPY

September - December, 2019

The ART BAR KIPPY is a bar in honor of artist Martin Kippenberger, initiated by artists Arthur Stokvis, Vincent Boschma and Bonno van Doorn, down in the cellar space (The Gemma) at Althuis Hofland Fine Arts. Initiated because - to use their own words: 'The city of Amsterdam lacks a worthy art pub where artists, curators, gallerists, art lovers and relatives can come together in an informal way while enjoying art and beer.' The bar will serve its own brewed 'Kippy' beer, and will irregularly organize exhibitions and events.
